### County court Monday.

There will be a big crowd in town Monday.

The L and N will soon resume the Sunday excursions to Cincinnati.

Next Monday is "hoss show" day, and many good ones will be on exhibition.

If a dollar tax was paid on every dog in town, the city till would be filled to overflowing.

The Lancaster Masonic lodge has so much work on hand, that a\*ternoon meetings are being held.

Sunday was cold and disagreeable, and the girls were again unable to parade in their new headgear.

Many a good fish lie, thought out during the long winter months, is being held back by the cold weather.

It takes the constant labor of sixty thousand people to make matches for the world, so it appears that not all the matches are made in heaven.

### C. E. at Grove.

The Christian Endeavor of the 8th District will have an all day session at the Grove church Saturday the 27th. A fine program has been arranged and an interesting meeting is promised.

### Preaching at Fairview.

There will be preaching at Fairview next Sunday morning and night. Rev W C McCallum will conduct the services, and all the members and the public generally are asked to be present.

### Lancaster Boy Honored.

The Roff (Oklahoma) Eagle tells of the election of Mr J Leslie Anderson as city attorney in that bustling town of three thousand inhabitants. Mr Anderson is a son of Mrs Mary Anderson, and has many friends here in his old home, who are delighted at his success.

### Important Meeting of Veterans.

A meeting of Camp M D Logan, Confederate Veterans, will be held at court house Monday (county court day) at eleven o'clock, a. m. Important business to be attended to and every member is asked to be present.

Joe H Arnold, Comd'r.

### Appeared in Kentucky.

One of the greatest enemies to the growing wheat crop that has yet appeared, is the "green bug" that has utterly ruined many fields in Texas. Reports from several points in Warren county, this State, say it has made its appearance there and much alarm is felt in consequence.

### Graduating Exercises.

The Record has received a handsome invitation to attend the graduating exercises of the Gray Street Presbyterian Infirmary, Louisville, which will be held at the Womans Club April 23rd. Miss Katherine M Arnold, formerly of Lancaster, is the superintendent of this splendid institution.

### Ever Notice It?

Did you ever sit down and wonder how in the mischief some people manage to get along? asks the Harrodsburg Herald. Their worldly goods so far as one can see, can almost be carried on their backs, excepting, of course, their family and dogs. Like the lily they toil not, neither do they spin, yet as a general rule they are fat, ragged and happy.

### Pooling Wheat.

The Society of Equity has begun the pooling of the wheat crop of the great wheat raising States of the West. One dollar per bushel is the price fixed as equitable and fair and no one can deny that this is a reasonable price. With dollar wheat, six cent hogs, six cent lambs, six cent cattle and fifteen cent tobacco, the farmer will be coming into something like his own.

### Old Fiddlers.

Much fun is promised at the old fiddlers' contest to be held at the court house Monday night, the 22nd. A prize of five dollars will be given the second. Competition is open to the world, and many old fiddlers will be on hand to take part. Dont miss it. Admission 25cts, children 15cts. Mr J A Jones is the manager, which insures a success in every way.

### Public Speaking.

I will speak at Bryantsville next Saturday afternoon at two o'clock, and at the court house in Lancaster Monday (county court day) at same time, in interest of my candidacy for the Democratic nomination for representative of Garrard county in the next General Assembly. I cordially invite the voters to give me a hearing.

Respectfully, J R Mount.

### A Great Nuisance.

While it always worries a business man to be told "Line's busy" when calling for a number, yet nothing provokes one like being told the same thing every few minutes for a period of half an hour. The climax comes, however, and the hurried business man goes into a conlption fit when he finds the line wanted has been held by a young couple consuming the time in courting. It is then he uses words which can not be found in the Sunday School papers. When he finds that Jack Hoghard has been talking to Maude Likets during the time, the business man has murder in his heart. Courting is the finest thing in the world, but for pity's sake cut it out on the business wires.

Nothing has been heard of Bill Hunter and Jones Simpson, who escaped from the Garrard county jail last week. Jailer Ross offered a reward of one hundred dollars for their capture, but no trace of the men has been found.

### Barn Burned.

Mr Jim Nave's barn burned, near Cartersville Friday night. Three horses, fifty barrels of corn and farm implements were burned. We are not advised in reference to insurance.

### Please Remember This.

We wish to impress upon the public that the editor of The Record is not the correspondent for any daily or other paper. Most all the dailies have representatives in Lancaster, but this office has nothing in the wide, wide world to do with their work. It is all we can do to paddle our own canoe, much less hunt news for daily papers. If some other paper steps on your feelings, tell it your troubles, please.

### Wants Kentucky Horses.

One thousand thoroughbred stallions mares and geldings will be purchased in Lexington in the next few weeks to be used by the officers of the German army. Dr Arnold Frank, a representative of the German emperor, has arrived there and will visit a number of the farms and race tracks to purchase all of the serviceable sound thoroughbred horses that are for sale. The horses must be between the ages of four and seven years and must be fifteen hands high.

### Mr Yerkes Resigns.

Hon John W Yerkes, who has filled the important office of Commissioner of Internal Revenue since 1900, has tendered his resignation, the president having accepted same, the latter paying Mr Yerkes a high compliment in his letter of acceptance. Mr Yerkes will engage in the practice of law in Washington, entering one of the most prominent firms there. This is a wise move on the part of Mr Yerkes, as he is too fine a lawyer to lose time filling an office, no matter how important the place may be. His resignation is to take effect immediately.

### True Kentucky Spirit.

Harry Goivannoli, writing from Washington to the Danville Advocate, voices the feelings of every Kentuckian in the following:—At this time o' the year the wandering and exiled Kentuckian's fancy lightly turns to thoughts of home—to green pastures and loitering streams, to the old fishin' holes, to jowl and greens and corn pone. There is nothing in this benighted and effete east to bring such pictures up except the lingering shadows that remain in the minds of those who have been there. And while these fancies come regularly to the mind of the Kentuckian away from home, few there be who can give utterance to the sentiments thus aroused.

### Caperton.

Richmond Register: News has reached relatives here of the death in Stanford, Texas, of Rev Milton L Caperton, a prominent minister of the Baptist church, and an uncle of Col J W Caperton, this city. The aged and Godly man expired on last Sunday in his 97th year. He was born at the family homestead, near Waco, this county, and was the youngest of ten children born to Wm Caperton and his wife, who was Lucy Woods of Revolutionary fame. About the year 1812, Mr and Mrs Wm Caperton and a large number of their relatives including members of the Miller, Woods, Harris, and Estill families, moved to middle Tennessee. Their descendants are to be found in all the Southern States. Many have attained distinction in their various professions. Only one ever returned to Richmond,—the late Col Wm H Caperton, the eminent lawyer, who was a brother of the reverend gentleman, whose demise we are noting."

The deceased was also an uncle of Mrs D M Lackey of this city.

### A Card.

To The Public:

Having been accused of being in sympathy with the saloon people, I submit the following to establish my record on that question, which I claim is better than either of my opponents'. Come out Monday, the 22nd, and if I don't prove it I will quit the race.

To whom it may Concern:—This is to certify that in a local option election held in Oldham county, in May, 1900, that J R Mount, then a citizen of said County, drew up the petition for said election; that his name was signed to it first; that he circulated said petition for signatures and when said petition was filed in the County Judges office for said election, he gave his individual check, to wit: \$32 50, to defray the expenses of said filing; that he worked constantly and zealously for said local option election; that same was carried in Oldham county and in the town of LaGrange, Kentucky, and said County and Town has been dry since. We also certify that he never drank intoxicating liquors, and that he was always in favor of temperance and against the saloons. (Signed)

I T Risley, Judge Oldham County, D H French, Attorney-at-law, O B Ratcliff, Merchant, J P Bozarth, Post Master, J T Wilson, Cashier People's Bank, D C McDowell, Druggist, P S Head, President Oldham Bank, J Wood Yager, Cashier Oldham Bank, Julian T Yager, Cashier Oldham Trust Co, G O Lee, D D S, E H Volers, Feed and Sale Stables, E B Cassidy M D.

Very Resp't, J R Mount.

## The Best to be Had. No Trashy Goods or Cheap Methods TO SELL THEM.

We have been in the mercantile business in Lancaster a great many years, and the people well know that we have never deceived them into buying cheap, shoddy, worthless goods. We have always stuck to the honest method of buying only the best goods, and buying them at as low figures as possible, giving our customers the benefit of every good bargain we secured in the cities. We never resort to any schemes to get people to our store. We sell our customers good, honest goods at a live and let live profit. This is why we are now enjoying the best trade in Central Kentucky.

We take pleasure in saying our Spring and Summer Goods are now ready for your inspection, and extend a cordial invitation, to you to call and inspect same.

## CENTRAL RECORD

ISSUED WEEKLY. \$1.00 A YEAR.

LOUIS LANDRAM, Edr.-Pubr.

Entered at the Post Office at Lancaster, Ky., as Second-Class Mail Matter.

Lancaster, Ky., April 19, 1906.

His legion of friends are delighted to know that Harry Giovannoli has been given an important promotion in the Internal Revenue office in Washington, and that it carries with it a substantial lift as regards dollars for the clever, big-hearted Kentuckian. Mr Giovannoli won a wide reputation as a newspaper man while down here in the Blue Grass section, and made friends by the score. His is one of the very few promotions won upon merit alone, political pull having nothing whatever to do with it. Every newspaper man in the state is grateful to Hon John W Yerkes, the Commissioner, for taking this recognition of the big brained, lovable Danville boy.

If the new pure food laws should require some distillers to print the name of every ingredient in their stuff, there would not be enough room on the bottle to paste the label. Once in a while a fellow can get a nip of good whiskey, but may the good Lord help the man who goes up against the average article sold today. In the good old days, whiskey was made to drink, but today it is made to sell.

It was a wise judge who, in Cleveland, decided that a lady should not pay a bill because the dress was made to hide the graceful curves of her figure instead of showing them off to an advantage. A little hard for the modiste, however, but the decision was a just one.

The Texas legislature has enacted a law requiring hotels to have sheets at least nine feet long. Now if a law be made requiring hotels to wash sheets at least once a month, a suffering public will rejoice and be exceedingly glad.

And now comes a crank who says the kind of bread mother used to make was the cause of indigestion. Possibly, yet very few people who have indigestion associate it with the days when they ate home-made bread.

The author of the musical comedy "Florodora," died the other day in England, but "Florodora" chorus girls are still getting divorces from rich husbands and figuring in murder trials.

Doesn't this weather beat elderly people's recollections?

### BOURNE.

Mrs Allen Ray was visiting her niece Mrs J M Clark.

S N Morford bought a veal calf of Tim Ford for \$5.00.

Joel Marsee bought two shoats of Sam Morford for \$12.00.

Willard Hamm sold two young mules to Noah Marsee, price \$250.00.

Joe Turner was visiting his parents Mr and Mrs J M Turner Sunday.

Mr E W Bourne a hustling drummer of Lexington, made this town a call last week.

Morford & Dunn have opened up a beautiful line of Spring goods, call and see them.

Mr Charles Wilson, of Wilmore, was visiting his sister Mrs Mill Carpenter, Saturday and Sunday.

Miss Edith Aldridge and baby are spending several weeks with Mrs J H Durham at Bryantsville.

### BEUNA VISTA

Joe Skinner, of Marcellus, was home Sunday.

Mrs Marshall Scott and children are visiting at Richmond.

Geo Ruble has been threatened with an attack of appendicitis.

Miss Margaret Robinson has returned from an extended visit to Bryantsville.

Miss Carrie Boulton, of Nicholasville, was the guest of Miss Bessie Bolton Sunday.

Miss Mae Robinson, of Marcellus spent a few days last week with Miss Bessie Bolton.

Ed Lane and family, of Illinois, who were called here by the illness of Mr Lanes mother, Mrs Belle LaTes, have been visiting the family of James Johnson.

A bottle thrown in Logan's Creek at Rowland March 29, 1906, by Roy Shanks was found by Geo Recor d April 6, 1907 on the banks of Dix river not far from here.

Quarterly meeting will be held at Brown's Chapel next Saturday and Sunday. Preaching twice each day by the Presiding Elder Rev Howes of Barboursville.

The story of the wild woman seen near here, which has been circulating in some of our newspapers, is fabulous so far as we can determine.

O T Wallace was down last week, surveying the school ground at Linden Dale. The house enlarged and repaired and the play ground enlarged.

### The Price of Health.

"The price of health in a malarious district is just 25 cents; the cost of a box of Dr King's New Life Pills," writes Ella Slayton, of Nolani, Ark. New Life Pills cleanse gently and impart new life and vigor to the system. 25c. Satisfaction guaranteed at B E McRoberts drugist.

## CREMERY FOR LANCASTER

Something Badly Needed, and Can Be Secured by a Little Hustling. Chance of a Lifetime

Messrs Jones and Bancroft, of Chicago Building & Manufacturing Co, are in town interviewing our business men and farmers in the interest of establishing in Lancaster a butter factory on Elgin system of manufacturing butter, shipping sweet cream, etc. Nothing could be established that would be of more benefit than the proposed plant. The output of butter from the creamery will call for one-third more than the home made product. By sending the whole milk to the factory the separator will produce twenty per cent more butter than can be made at home. The skimmed milk returned to the farmer, of which he receives eighty per cent, back, will be sterilized, and remain sweet, thereby containing more nutriment for feeding than sour milk, with all the cream left in after skimming and making butter at home under the gravity system.

The proposed plant will be equipped with the latest improved machinery and appliances, the separator having a capacity for separating the cream from three thousand pounds of milk per hour. The improved machinery and the ways of conducting and operating creameries are entirely different from the old system of cream-gathered creameries where the farmer had cream cans and raised cream at home, losing one pound of butter to every 100 pounds of milk that can be gained by putting the same amount through the separator at the factory. An institution of this kind under proper management would be a success from the start, putting in circulation several thousand dollars a month within a radius of six or seven miles around town, which is sure to hit the different channels of trade among the various lines of business in the town.

Dairy farming improves the land in a substantial manner and enhances its value. Some of the benefits are that the farm is fertilized by the keeping and feeding of cattle, while by the raising of grain exclusively it is impoverished. While what a creamery does for the merchant, the doctor, the miller, in fact all lines of trade, is obvious, it gives the farmer cash with which to pay his bills each month, while under the ordinary operation of grain raising their bills are paid once or twice a year. Moreover, it enables the farmer and other producers of milk to realize the highest amount possible under and conditions for their product with the least amount of labor, and you will always notice that Elgin butter is quoted fully eight to ten cents more than the average country butter.

The plan of operating the plant will be purely co-operative, no one owning more than one share (\$100) and nothing to be paid until the plant is completed and ready for operation. The above-named gentlemen have established and built plants of this kind at Shelbyville, Bloomfield and other points, and at this time are building plants at Taylorsville, Bowling Green, and at Paint Lick. If you have not already met them, they will probably call on you and explain the matter at length. Remember, the success and growth of the town and county depend on the efforts of the business men and farmers, and their being awake to the opportunities as they present themselves. This is an enterprise our people should encourage and not let pass.

### BRYANTSVILLE

DRY GOODS.

Danville, Ky.

There never was a season when we offered our out of town customers greater inducements than now. It is a time when everything is advancing by leaps, and still it is very difficult to get deliveries of any desirable goods.

Beginning last July we placed orders for all kinds of goods for this Spring. In this way we not only secured very good deliveries but also last year's low prices.

With the single exception of cottons and such staples we are giving our trade the full advantage of our foresight.

All Laces and Embroideries of which we have an immense line are being sold at lowest prices ever named on such goods.

Ginghams, Lawns and hundreds of pieces of new fancy Wash Goods are all at last years low prices.

White Goods and Linens from the cheapest India Linen to finest Linen Cambric are every one at last years prices.

Muslin underwear and summer net underwear are priced as though there had been no advance.

Silks in Blacks, and solid colors and a great line of Fancy Dress Silks are all selling now as cheap as they did last summer.

## Ready-to-Wear.

We are showing this season the largest line of really high class suits, ever shown in Central Kentucky. Every size, color and all prices from \$10. to \$75. Nobby silk Jumper and shirt waist suits from \$10. to \$35. Beautiful braided Linen suits from \$10 to \$22.50. Black Voile suits from \$18. to \$50.

Over 300 new separate skirts to select from at every price from \$5. to \$18.

Silk, Satin and Net shirt waists in many new and attractive styles and more than 25 new styles of white and black muslin Shirt Waists from \$1. to \$6.

At \$5. we offer black silk Petticoats made of Taffeta worth \$1.25 yard and made with very wide and very full ruffle with full dust ruffle. Only 50 more at the price.

### We Repeat

That there never was a time when it would pay you better to come to us for your spring shopping. You will save good money and what is still more important you will find a full stock of new and desirable merchandise. Strictly up-to-date in style and reliable qualities.

### Doing Business Again.

"When my friends thought I was about to take leave of this world, on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again as of old, and am still gaining daily." Best of all tonic medicines. Guaranteed by R. E. McRoberts drugist. 50c.

### In Memoriam.

At 12:30 Wednesday morning, April 3rd, Mrs. Jane Jennings died, after an illness of about four weeks, of pneumonia. She was seventy-one years old, and is survived by one son, Sam B. Jennings, one brother, W. J. Roman, and four sisters, Mesdames Blankenship, of Missouri, Petty, of Illinois, Cotton, of Madison county, and Sebastian, of this place. The husband and three other children had preceded her to the grave many years ago. "Aunt Jane," as she was familiarly called, was a devout member of the Christian church for nearly half a century, and few, if any, better women ever lived in Lancaster. She was a true wife and mother in all those words imply, a neighbor beloved most by those who knew her best. Since the writer's childhood, it has been her sweet privilege to be much in "Aunt Jane's" home, and her welcome smile and warm hospitality will ever be one hallowed memory. She was ever cheerful, full, charitable and good. May her good deeds be enulated and her reward be a shining crown in the Great Beyond. The tired hands are folded and the weary spirit has found its rest. Notwithstanding the inclement weather, a large concourse of friends and relatives followed the remains to their last resting place in Lancaster's beautiful city of the dead. The grave was covered with floral offerings, the last tribute of loving friends, and with the rain drops gently falling with our tears on the sod, we left this angel friend and mother "Asleep in Jesus."

## Stock and Crop.

T F Mitchell sold his 100 acre farm near Brannon, in Jessamine county to William Clark, of Lancaster, at \$88 an acre. This place sold less than fifteen years ago at \$35 an acre.

Leslie Hagan, of Bourbon county, sold two litters of pigs, 142 head, from eight sows during a period of ten months, for the sum of \$1,200, an average of \$150 per sow.

It is said that a Shorthorn steer 4 years old, owned by C F Behrens, of St. Clair county, Ill., weighing 3,600 pounds, is to be exhibited at the James town exposition.

To stamp out the fever tick a quarantine has been established by the State Board in Cumberland and other counties on the border of Tennessee, and the authorities of the latter State are co-operating with the Kentucky officials.

An Iowa paper figures the corn stalk crop in that state can be worked up in to 1,844,000,000 gallons of alcohol, or more than enough to supply all power, light and heat. If the great expectations about denatured alcohol are realized the bl. brown jug will bring forth wonders.

Eggs from the year old hens will generally produce better chicks than those from pullets, if the hens are of the right sort. It is better, therefore, to depend largely on the pullets for eggs during the winter rather than to push the year-old hens too hard. Let the young hens lay well, of course, but plan to have them produce their best eggs at breeding season. At that time they should be mated with the best male obtainable.

All the western markets as well as those in Kentucky report horses selling phenomenally well this spring. Little stuff is not popular but such a demand for big work horses never existed before at the price. Speculators are sending farm mares from Chicago to the Canadian Northwest and experiencing no trouble in selling them.

Mrs W F Heathman, Clintontville, Ky., says: for several years I have lost my turkeys about breeding time with the cholera. I have tried a number of remedies but Bourbon Poultry Cure is the only remedy I have ever found that will cure them. Sold and guaranteed by Mount & Elkin.

F A Estes, Wvondotte, Ky, says, I had fourteen hogs sick with the cholera and had turned one in a ry field to die. Some of these hogs could not eat. I gave them Bourbon Hog Cholera Remedy and it cured them without a single loss. Sold and guaranteed by Mount & Elkin.

The great work of the Society of Equity will be done in the proper distribution of the products of the farm, and then there will be no fluctuations in the markets. There are no other reasons for a fall or rise of cattle, hogs, sheep or grain of a cent or two in a day, except a "glutted market" or a scant supply. If the supply is sent to the market needing it, there is no reason why there should be any fluctuation from day to day, unless it is caused by the speculation of gamblers who never buy a real product. The world needs every mouthful of food raised, and can pay for it, and must have it. A proper distribution is all that is needed to have a steady and fair market.

**Poultry Raising Pays.**

Farmers are coming to realize that poultry-raising is one of the best paying lines in his business. Statistics show that the eggs sold alone pays him more money than the output of either corn or wheat. Now is the time of year to feed your fowls a Good Ton. Remember that only healthy hens lay. 4 1/4-4 1/2 not only cures Roup, Cholera, Gaps and Limberneck, but makes them lay. Give each sick chicken 3 to 3 drops 2 or 3 times a day, as a preventive give each chicken 1 to 3 drops in the feed once a day. Price 50 Cents. Guaranteed by your druggist, R E McRoberts.

"Within a month there will be marked deterioration in hog quality at all western markets," said John J Murphy, Cudahy's buyer at Sioux City, Iowa. "I never saw it better than at the present. Every run at the stock yards is a beauty show. You can see load after load of straight barrows without a packer in them. The country is not marketing sows and what is going to the butcher at present is the cream of the crop. The time is not far away, however, when the scraping process will begin, and choice hogs will go to a premium. At present quality is selling at a discount simply because there is a plethora of it. There has been such a margin between corn and hogs that growers have fed the stuff out. Six weeks from now there will be a spread of a half a dollar in prices and the speculator will be as busy as ever; in fact he will be needed to shape up the run."

**Bitten by a Spider.**

Through blood poisoning caused by a spider bite, John Washington of Bosqueville, Tex., would have lost his leg, which became a mass of running sores had he not been persuaded to try Bucklen's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." 25c. Guaranteed at R E McRoberts druggist.

## AN APPEAL FROM AFRICA.

**Young Men in the Congo State Ask for Christian Teachers.**

Some young men at Bongaandanga in the Congo State appealed to the Congo Bala missionaries for a teacher. Not long after when the mail arrived the young men came eagerly inquiring. "Are any more teachers coming to us?" "Not yet," was the reply. "Whiteman, you won't leave us until Mr. and Mrs. Ruskin return, or other teachers come and understand our language, will you? May we write a letter, and will you print it in the paper you send to England?"

The following was thereupon written by the natives without any suggestion or alteration by the missionaries:

"A Letter to the Teachers in Europe (translation): Listen to these words. We are those who went astray, but the Lord did not leave us. He sought us with perseverance and we heard His call and answer. Now we are His slaves, no other master at all. And we pray the Holy Spirit to show us the way to Christ and truth."

"Behold, we tell you a word of truth. We had three teachers, one in Europe, and another as pure as Ikan, and this one, who stays with us, his farough is due, and his works are many. The works are printing, and the work with the workmen, and the teaching of Jehovah God; just he and his wife. If he goes to rest in Europe, with whom shall we be left?"

"It is good that you should send us teachers who will cause us to be full of the words of the Father. Friends, what do you run away from? Death? Or the long distance? What did the Lord command? He said, 'Go and preach the gospel in all the world.'"

"When we went to Roysela the people said to us, 'Come and teach us the news of Jesus, then we shall have strength, but pray for us to the Father God that He strengthen us in spirit and body, then we shall spread abroad His good news that it go in every place.'"

"Behold, we ask you in all your assemblies to pray for us and our teachers."

"And we have seekers, females and males, they seek Jesus, but they are waiting for the joy of the Holy Spirit; it is good that you pray Jesus on that account."

"We have a desire to hear your teachings in the teaching of Jehovah God; and we have a thirst to see you in the eyes, but we have not the opportunity here below, but we shall have in heaven. In the Father, and the Son and the Holy Ghost, One God."

"We who write to you these words: 'Bongollo, Mhoyo, Bokombi, Batangu, Bokuba, Nsoletumba, Ikala, Isekere, Entoku, Lifafo, Lomondo, Nkoli, Lokonzo, Imole, Bolele, Ifungi, Bolekwa, Bomole, Bolemba, Illema.'"

Many think they are defending faith when they are only fighting against the necessity of thinking.

**OLDEST SUNDAY SCHOOL.**

Philadelphia Organization Celebrates its Ninety-second Anniversary.

The Sunday school of St. John's Episcopal church, Northern Liberties, Philadelphia, is said to be one of the oldest Sabbath schools in the United States. It has just celebrated its ninety-second anniversary, although it really began as a "First Day School" under private auspices in 1806. It has 422 officers, 29 officers and teachers, and it sends out hundreds of dollars every year to missions, aside from helping with the support of the church. Coincident with this school is the Sabbath school of the First Presbyterian church, Newark, N. J., which has also just celebrated its ninety-second birthday. This school has over 1,000 pupils, 300 being in the "home department." It also supports two missionaries, one in Canton, China, and the other in Hamadan, Persia, entirely irrespective of the church, and of the regular weekly contributions. The children and teachers earn every cent of the over \$1,200 they send to the board of foreign missions each year for the salaries of these two representatives at the front.

When men pray for harvest they often get a plow.

**Call for Ministers.**

The Lutheran church has issued a statement that there is a need for 1,000 new ministers to fill vacant charges and new missions of that ecclesiastical body. The officers of the home mission board in conference with the Pittsburgh synod came to that conclusion at a conference held in that city the last of October. The reports pointed out that there was a call for from 50 to 80 to take charge of missions in New England.

**A New Religious Feature.**

There's nothing new in holding street meetings before a church service, or in the use of illustrated sermons, but it is a new one to hold an illustrated open-air service after the Sunday evening service. Pastor Harwar, of Wissahickon, Pa., has been doing this with pleasing success.

**Room for One More.**

A preacher recently asked a well known citizen of Warren why he didn't come to church oftener. "Oh, because there are so many hypocrites there," he answered. "Don't let that discourage you; there's always room for one more, you know," replied the preacher. Warren (Pa.) Mirror.

## Four Simple Rules

**Follow Them and Health, Happiness and Prosperity Will be Yours.**

If one would be healthy, happy and prosperous, follow these four simple rules. (1) Keep the bowels open every day. (2) Chew your food slowly and thoroughly. (3) Avoid indigestible foods. (4) If there are any symptoms of stomach troubles, take Mi-o-na before each meal until cured.

No matter how many years you may have suffered with stomach troubles or how worried by sleeplessness, nervousness, loss of appetite, furred tongue, specks before the eyes, headaches, backaches, weakness and debility, indigestion or other ills that are caused by a weak stomach, you can be cured by the faithful use of Mi-o-na.

Take one of the little tablets before each meal with the fixed determination to get the most benefit out of it.

Mi-o-na is not a fanciful experiment, it is not a patent medicine, it is a remedy recommended by one of the greatest of the digestive organs. It is a permanent cure, and is sold under a guarantee that it costs nothing unless it does all that is claimed for it. Mi-o-na costs but 50c.

When Mi-o-na has been used for a few days, the digestive system will be so greatly improved that all the food eaten is converted into nutrition, so that nourishment and health are given to the whole system and there is a rapid increase in weight, strength and spirits.

**R. E. McRoberts, Druggist.**

**WHAT IS CATARRH?**

**Leading Druggists Guarantee a Cure by Hyomei or Will Refund the Money.**

Until very recent years, it was thought that catarrh was a disease of the blood, but now modern science has proved that catarrh is a germ disease, and can be cured only by a treatment that will kill the germ and heal the mucous membrane of the nose and throat.

Therefore, when you have catarrh, you can readily see that if you want to cure it, you should use Hyomei, which mediates the air you breathe, thus killing the catarrhal germs and healing the smarting and raw membrane of the passages through the nose and throat.

In breathing Hyomei you are really treating your catarrhal troubles with the only natural method, for it will make the air you breathe as pure, healing and antiseptic as that found on the mountains where the pine forests give off their fragrant and healing balsams.

If there is any doubt in your mind as to the power of Hyomei to cure catarrh, the surest way in which it is sold should destroy all doubt, as we offer to refund the money should Hyomei fail to benefit.

The complete Hyomei outfit, consisting of an inhaler, a bottle of Hyomei, and a medicine dropper, costs only \$1, while extra bottles can be obtained for 50 cents.

**Stubborn Coughs and Colds**

**CURED BY**

**FOLEY'S HONEY AND TAR**

Obstinate, racking Coughs that make your head ache, your throat and lungs sore and inflamed, that rob you of sleep until your system becomes so run down that you are in grave danger of Pneumonia or Consumption, are quickly cured by **Foley's Honey and Tar.**

**FOLEY'S HONEY AND TAR**

soothes and heals the inflamed air passages, allays the feverish conditions, stops the cough and prevents serious results from a cold.

**FOLEY'S HONEY AND TAR**

is the only prominent cough medicine on the market that does not contain opiates or harmful drugs of any kind and on this account is safest for children.

It is unexcelled for Croup and Whooping Cough and will quickly cure the racking cough which follows measles and leaves so many children with weak lungs unless properly treated.

Remember the name—**Foley's Honey and Tar**—and refuse substitutes that cost you the same as the genuine. Do not take chances with some unknown preparation.

**Consumption Threatened.**
